Cyclone Pam Fishing Recovery Package

We would like to thank all of our friends and clients for all of their thoughts and well wishes during this devastating time for Vanuatu. The resilience of the local people is amazing and things are getting back to normal. Thank fully, Nevagivup and Reel Capture survived the storm as we had stored them in the boat yard.

Our family and staff are all safe and well. We need tourists to holiday in Vanuatu as this will help the local people.

We are offering a full day fishing and self contained accommodation (applicable to fishing days only) including light continental breakfast staying at Waterfront Quays for 130,000vt based on four people only. Extra nights at full rate.

This recovery package is only available for new bookings from the 20th April 2015 – 30th September 2015.

For more information and availability, just drop us an email.
